

This autumn in October, an Int'l Cultural Exchange party & the Junior Tokyo Tournament are held in which junior participants play an active role!!

On Sunday, October 22, 2023, at the Hyatt Regency Tokyo in Shinjuku, we will hold the Junior Tokyo Grand Prix event as a platform for children to shine.

The "Junior Tokyo Grand Prix" is organized by "Aoba No Megumi," a medical corporation based in Minato Ward, Tokyo, and is a competition full of love that provides health education to children.

On Sunday, October 22, the event will commence with the first part, Junior Earth Tokyo 2023, starting at noon, followed by the second part, an International Cultural Exchange party, beginning at 17:00.

We aim to focus on the theme of health and well-being, which is one of the SDGs, in this event. Our intention is to provide medical knowledge and promote the enhancement of a healthy and balanced body, allowing dreams to come true and taking a step towards a brighter future.

In the second part, the international cultural exchange party, former Tokyo finalists' children will serve as receptionists and guides, while three elementary, middle, and high school students from the 2022 Tokyo Grand Prix will add a touch of elegance as image models.

Furthermore, Nanasegawa Ako, who shone as the top vocalist in the Tokyo Thanksgiving Festival held in March this year and made her vocal debut, will also make an appearance. The music for her debut was produced by Maesako Junya, a music producer and a special supporter of the Tokyo tournament. The song is based on the poignant feelings of children who challenge themselves towards their dreams and is the first song that can also serve as corrective training through singing.

While general ticket sales are not available for the first part, Junior Earth Tokyo 2023, general and VIP seats are being sold for the second part, the International Cultural Exchange Party. We look forward to the international achievements of the children.
